

FAASTeam presents:

# **NW Mountain Virtual Aviation Safety Week - March 27 2021 - Day 5 - Session 2**

The webinar will provide a 1.5 to 2.0 hour overview of planning and flight fundamentals, specific to and critical for the safe conduct of high elevation airport operations, and mountain flying. The webinar is also intended to inspire pilots to further engage in initial or supplemental mountain flight training. Key Elements: Go-No-Go Decisions, Developing a route expectations hypothesis, weather analysis and indicators, planned vs actual condition assessments, flight segment discussions, practical applications, and aeronautical decision making.

**Directions:** This Virtual Aviation Safety Event will be hosted using the Goto Webinar platform.  
Goto Webinar registration link:  
<https://register.gotowebinar.com/register/7408675787470519309>

Once registered, you will receive an email confirmation from the Goto Webinar system platform with joining the webinar information for each topic you have registered. Thank you for your participation.

To register for Wings Credit please click on the registration information link below.
